Dear Walnut Valley Parents and Guardians,

For the past eight years, Dedicated to Learning (D2L) has provided summer learning opportunities for students in familiar environments on campuses throughout the community. D2L prioritizes matching students with Walnut Valley Unified educators who facilitate instruction that is appropriate to current and future coursework expectations. D2L students complete summer programs with greater understandings of the content awaiting them while developing lasting relationships between peers and teachers.

As many of you know, schools throughout California have closed indefinitely as a result of the ongoing pandemic related to COVID-19. This fluid situation has cast doubts on many in the community regarding the end of the regular school year and the possibility of on-site summer school on D2L campuses. Due to this uncertainty, the D2L Executive Board takes this opportunity to update you about summer school opportunities.

Currently there are no changes to any of the summer educational programs offered at any of the D2L campuses. SUMMER SCHOOL WILL BE OFFERED TO THE STUDENTS and YOU MAY CONTINUE TO REGISTER ONLINE. Though this may change, D2L remains committed to providing students with educational opportunities in safe and effective teaching methods. Our organization will allow our students the opportunity to advance themselves intellectually and prepare for the academic rigor of the upcoming school year.

We will monitor the current situation to determine the most advantageous learning opportunities for D2L families. It is possible that this summer's program will remain as currently advertised or there may be changes that may include distance learning in place of on-site attendance.

In the meantime, D2L will continue to examine the best possible options to help students achieve their academic promise. We will continue to offer classes taught by highly qualified teachers in order to prioritize positive relationships between our students and their teachers.

We will be in touch as the situation becomes clearer. We appreciate your trust and patience in this trying time of uncertainty.

Sincerely,

The Executive Board of Dedicated to Learning
